Dear Families of ICL Clients,

The Coronavirus pandemic affects everyone in our city but threatens the health and safety of vulnerable New Yorkers most of all. I want you to know that we have taken several steps to make sure we can continue to deliver the services and care your family members depend on, whether they live in one of our shelters or residences, receive treatment or care coordination, or visit one of our mental health clinics. We are providing information to clients on how to protect themselves, enforcing strict protocols to minimize the spread of the virus at all of our facilities, and working with our partners in government and advocacy to make sure we have the equipment and funding we need to serve your loved ones and ensure the safety of our extremely dedicated staff.

If you have any questions, please don't hesitate to contact us. You can leave a message at (212) 385-3030, ext. 10101 or send us an email at info@iclinc.org. We will respond as quickly as possible.

It is a privilege to care for a member of your family, and we are committed to helping all of our clients get better with us even during this challenging time.

Sincerely,

David Woodlock
President and CEO
